**S. F. PARK HEAD
JUDGES FLOWERS**
S. M. County to Honor
Veteran Gardeners
At Fiesta

John McLaren, dean of horticulture and superintendent of parks for San Francisco, will be honorary chairman of judges for the huge flower show which will be the leading feature of the San Mateo County Products and Floral Fiesta.

"Uncle" John McLaren, still vigorous and enthusiastic despite his 86 years, began his California career in San Mateo county. With him he brought a number of Scotch gardeners, many of whom are still active in the county to this day.

One of the most interesting features of the fiesta will be the time devoted to the program to honoring the veteran gardeners of San Mateo county, including only those who have been actively engaged in horticultural work for at least 25 years in the county. Phillip Graves, member of the advisory committee and for many years an assistant to John McLaren, will have charge of this event. He is now collecting a list of the old-timers and asks that everyone help him with suggestions so that no one whose name should be on the list of honored guests shall be omitted.

A huge basket of chrysanthemums was to be presented to Harmon Skilling, grand president of the Native Sons of the Golden West, by former Mayor W. H. Weeden of Menlo Park, one of the delegates to the annual convention for the Native Sons being held at Stockton.

YOUNG HUNTER HURT
Injured when his brother's rifle was discharged while they crashed through heavy underbrush in search of game near Daly City. Robert McFarland, 16, of San Francisco, was recovering today from a gunshot wound in the shoulder.

**More About 1915 Act Debt:
\$425,000 BOND ISSUE
PURPOSE IS EXPLAINED**

City Has Choice of Easing Debt With Bonds
Drawing Half As Much Interest, Or—
Can Assume Direct Tax Burden

EDITOR'S NOTE: Another article is presented herewith explaining why Redwood City voters are being asked to approve a \$425,000 general obligation bond issue on September 24. Voters are urged to read it carefully because of the vital importance of this problem.

There are 35 special assessment districts in Redwood City with bonds, issued under the Improvement Bond Act of 1915, now outstanding and in default on either bond principal or interest. The total part value of these outstanding bonds is about \$400,000. Of this amount, \$150,000 is past due and unpaid.

Approximately \$78,000 of these bonds mature July 2, 1936, and the balance of \$172,000 becomes due up to and including 1942.

In addition, these 1915 act bonds are in default on past due interest coupons in the amount of \$12,000.

The City of Redwood City (under recent court decisions) is faced with responsibility for this debt and has no choice but to provide the necessary money to cure this default.

In providing this money there appear to be only two alternatives that are legally possible.

DIRECT LEVY OF TAXES
Under recent California Supreme Court decisions, the City of Redwood City, in effect, must transfer general city money into the 1915 act bond funds to make up the difference between special assessment installment collections and the amount necessary to pay all currently maturing bond interest and bond principal.

If there are not sufficient general fund balances or surpluses to provide this money, the city must, in the next tax rate, make a special levy on the entire city up to but not exceeding 10 cents per \$100 for each special district.

Redwood City has 35 Special Assessment Districts. The maximum legal limit on the city tax rate for the above special district purpose is, therefore, \$3.50 per \$100. This rate is, of course, in addition to the tax rate for general city purposes, which is \$1 per \$100.

This very large increase in the general fund tax rate would not be the voluntary action of the city council. It would be the mandate of the California Supreme Court and could not be evaded or avoided in any way.

REFUNDING PLANS
To escape a situation of this kind every suggested way and means was studied by the council. The only alternative to permanently escape the threat of such an increase in the general tax rate involved a refunding on the special district improvement debt.

A refunding of the Special Assessment Debt offered two possible procedures.

1. To refund the assessment bonds with new special assessment bonds under the same 1915 Improvement Bond Act law.

2. To refund the improvement bonds by loaning the credit of the city (which is already liable for the defaulted improvement bonds) to new bonds in order to secure money at one-half the interest rate possible under Plan 1 immediately preceding.

REFUNDING PLAN NO. 1
To refund each district with new special assessment bonds would involve a large legal and engineering expense.

The accomplishment of the program would require the 100 per cent voluntary agreement of the bondholders.

Both before, during and after such a refunding, the city would have the same legal liability as now exists. There would, therefore, be no permanent correction of the problem and no elimination of the liability of all taxpayers.

It would be the duplication of a procedure already followed and proven a failure as this has been the cause of the city's present difficulties.

Even if such a plan were feasible there would be no scaling down of the interest rate and this plan would not permit the intelligent, orderly liquidation of delinquent properties.

REFUNDING PLAN NO. 2
To refinance the improvement bonds through sale of a general obligation bond issue:

1. It is the least expensive plan to put into operation.

2. It can be accomplished in the shortest time.

3. It is not contingent for its success upon a voluntary acceptance by 100 per cent of all bond holders.

4. It provides an immediate and permanent solution of the problem.

5. It will mean a saving of one-half the current cost for bond interest.

6. The city will wholly avoid liability to a court order to enforce an increase in the tax rate

NEW GOLDEN STATE PLANT AT BURLINGAME

Golden State Company, Ltd., new dairy products distribution center for Burlingame is shown above in handsome Spanish architecture. At the left, General Manager Manual I. Piers of the Peninsula Division. At the right, Burlingame Manager D. L. Robison.

**GOLDEN STATE'S
OPENS NEW PLANT**
Public Invited to See
New Headquarters
In Burlingame

Five years ago Redwood City and other southern county residents who enjoyed the milk, ice cream and other products of the Golden State Company plant in this part of the county boasted of the fine quality that residents throughout the rest of the county urged General Manager Manual I. Piers of the Peninsula Division of this company to extend his operations. This Piers did, and tomorrow the worth of that endeavor will be evidenced in the opening at 1458 Burlingame avenue, Burlingame, of a newly equipped distributing branch, the quarters of five years ago being greatly outgrown.

Manager Piers has declared September 14th as "open house" day at Burlingame and invites everyone in the county to join with Burlingame Manager R. L. Robison in inspecting the new plant.

"It is particularly fitting," says Piers, "that following recent extensions of Golden State Company are important factors in the economic stability of this county. Golden State employees, its farmer-producers, and the operations of the plants here annually pour into the local channels of trade more than \$300,000. As an important industry of the county, we welcome this opportunity to show by our expenditures and improvements in 1935 that we believe in San Mateo county, its present and its future."

Just to make the "open house" at Burlingame more interesting, Manager Robison has announced that every child visiting the new plant tomorrow will, if accompanied by an adult, be treated to dairy products service.

**3-YEAR TERM
GIVEN BEALS
FOR BURGLARY**
Loma Mar Postoffice
Looting Confessed
By Oklahoman

Federal Judge Harold Louderback has sentenced Harold Beals, 31, to three years in federal penitentiary for breaking into the Loma Mar (San Mateo county) postoffice August 12 and stealing \$75, the Associated Press reported from San Francisco.

Beals, alias Langford, pleaded guilty to the charge. Officers said he first robbed the store of Walter Lang next to the postoffice of \$39.

Possessor of a long prison record, according to officers, Beals was arrested by "G-men" when he returned to his mother's home in Castrol, Okla.

Two Redwood City men, at first implicated in the burglary, were exonerated of the charges.

**San Carlos Woman
Dies in San Jose**

Following a long illness, Mrs. Eleanor F. Ruggles, 60, wife of Thomas D. Ruggles, San Carlos plumber, passed away Tuesday in San Jose. Her home was at 660 El Camino Real in San Carlos, where she has lived for a number of years. She was a native of Canada.

Funeral arrangements have not yet been completed. However friends may call at the Layng and Timney Funeral Home.

SPEEDERS FORFEIT BAIL
Failing to appear to answer speeding charges lodged against them, Kenneth Garbeson of Laton forfeited \$5 and Roy Driscoll of Fontana \$10 in Judge Edward L. McAuliffe's traffic court today.

**Territo Celebrates Second
Anniversary of Market With
Stupendous Store-wide Sale**

Celebrating the completion of two years of successful business in his present location, Joseph R. Territo today announced a mammoth second anniversary sale for today, Saturday, Monday, Tuesday and Wednesday.

Territo came to Redwood City in 1931 and after operating a delicatessen for two years he opened his super market at 2618 Broadway. This was the first market in Redwood City to have four complete departments, all owned and operated by the same management.

In 1934 the addition was built, nearly doubling the floor space of the store and greatly increasing the convenience to the customers.

The store is owned and operated by Mr. Territo and 11 local men are employed, representing one of the leading retail payrolls in the business district.

The four departments of the store consist of grocery department, managed by Thomas Vernall; delicatessen department, managed by Dick Wagner; fruit and vegetable department managed by Dan Severetti; and meat department, managed by Frank Territo.

A complete delivery system is efficiently operated, rendering service to all parts of the community.

In staging this second anniversary sale Territo states that he wishes to thank his many friends

Joseph R. Territo, proprietor of Territo's Super Market, celebrating second anniversary in business here.

and patrons who have made possible the growth of his store.

Many attractive offerings have been specially arranged for the sale and everyone is invited to partake of a free Coca-Cola anytime today between 9 a. m. and 5 p. m. when it will be served.

The 1915 Act Debt

Of inescapable interest and of vital importance to every citizen of Redwood City is the \$425,000 bond issue to be voted upon September 24 to provide funds to acquire outstanding 1915 act improvement bonds.

This issue, in effect, is not a proposal to create a new indebtedness. The debt, unfortunately, already exists. It was incurred during the "flush" years from 1924 to 1931 when money was dear. This is evidenced by the seven per cent interest rate which the 1915 act bonds bear. The new issue, because money is cheaper now, will bear an interest rate of only 3 1/2 per cent.

Of immediate interest to taxpayers is the reduction in taxes which they will vote themselves if they approve the new issue of bonds. The city council has given its unanimous pledge that 20 cents will be cut off the recently-set 1935-36 tax rate if the bonds are approved. If the bonds fail to carry, the 30 cents will remain in the tax rate and will merely go toward paying interest on the debt.

It is certain, also, unless the bond issue to take up the 7 per cent bonds is approved, that the city will, within the next 12 months, face an order of the California Supreme Court forcing it to make a special levy of more than \$1 per \$100 to pay up defaulted bond principal and interest on these 7 per cent bonds. This could make the tax rate next year more than \$2 per \$100.

All taxpayers, business people, and residents in Redwood City will directly and indirectly benefit in many ways from the refinancing of the existing 7 per cent improvement bond debt with other bonds bearing 3 1/2 per cent interest.

To sum up: Voting this bond issue will save the taxpayers money by reducing the rate of interest on an existing debt; will remove the definite threat of a pyramided tax rate in the future; will restore confidence and value in Redwood City real estate; and will provide the time and manner in which an orderly and businesslike settlement and readjustment of the existing accumulated tax delinquencies can be effected.

Vote YES and permit your city government to solve a serious problem in an efficient, economical, and businesslike manner.

**COMPLETE ELECTRIFICATION
OF HOME SEEN IN FUTURE**

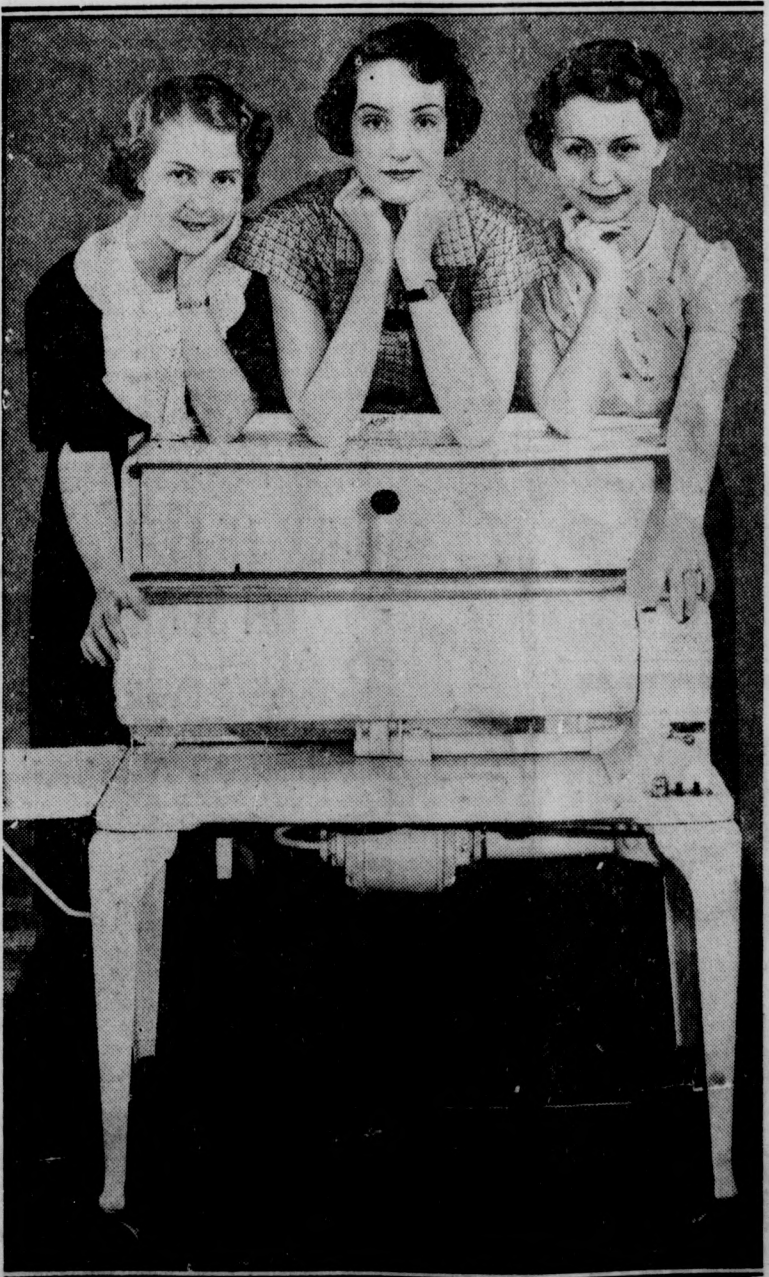

Trends in home designing and building, as shown in recent model homes, constructed and displayed throughout the nation, point the way to the complete electrification of the American home of the future, according to the Electric Appliance Society of Northern California, which points out that prominent in these new homes is the complete electric home laundry.

The home designed for the fullest possible use and enjoyment for

Mr. America of tomorrow may have built-in conveniences such as electric ironers, but women today are not waiting for the future to take advantage of these electric labor saving appliances, which add so many precious hours to their leisure.

Today's models, which are so attractive and reasonably priced, make possible a complete electric laundry in the modern home. Electric ironers may be had in all sizes and types to harmonize with any home laundry plan.

GOOD FOR SHELF SPACE TOO

Not only do the new ironers furnish tables on which pretty girls can put their elbows, but additional shelf or table space is provided.

MENLO PARK NEWS

Miss Rosalie von Hamm spent the week-end on the peninsula with Mr. and Mrs. William McNabb (Ena Douglass), coming down from San Francisco shortly after her arrival on the Lurline with her parents, Mr. and Mrs. Conrad A. von Hamm of Honolulu. The family plans a two months' stay in San Francisco.

In celebration of Earl Douglass' birthday, Mr. and Mrs. Leonard Douglass gave a barbecue dinner at their Menlo Park home last Saturday. Assisting were their son-in-law and daughter, Mr. and Mrs. William M. McNabb, and their youngest daughter, Miss Florence Douglass.

Miss Douglass was a bridesmaid Saturday at the wedding of her sorority sister, Miss Charlotte Hall, and Edward Thomas Ford Jr. Next week—on the 19th—she will be in the bridal party when Miss Robena Goldring marries Leon Douglass Jr. in the Beverly Hills Community Church. The entire Douglass family will go South next week for the wedding. Earl Douglass will be his brother's best man.

The Rev. Father McKeon, with a number of his parishioners, is taking the census of the parish. The work is to be completed next week.

An article in the Stockton Daily Evening Record for Monday, September 9, lists among the "notables" seen in the Admission Day big parade" ex-Mayor William H. Weeden of Menlo Park. The article read "California city officialdom was in Stockton today, participating in the Admission Day parade."

Among the notables here, most of whom are city officials, were Mayor Angelo J. Rossi of San Francisco, Mayor William H. Carter of Santa Monica, Mayor William J. McCracken of Oakland and ex-Mayor William H. Weeden of Menlo Park.

Weeden today presented to Grand President Harmon Skillin a huge basket of San Mateo chrysanthemums with an invitation to attend the San Mateo county fiesta at Bay Meadows October 11, 12 and 13.

"Police Chief William J. Quinn of San Francisco and B. A. Wallman of Oakland, Fire Chief Brennan of San Francisco and City Manager John F. Hassler of Oakland were in the parade."

At the regular meeting of the Menlo Park American Legion Auxiliary Unit No. 443 held in Legion Hall Tuesday night, plans were completed for the installation of officers which will be held in Central School auditorium Tuesday, October 8, at 8 p. m.

A number of members of Menlo Park Parlor, Native Daughters of the Golden West, attended the meeting at Bonita Parlor in Redwood City last night when Grand President Anna Theusen paid her official visit to the parlor.

Isabelle Weeden Lindquist, county council musician for the American Legion Auxiliary, presented the County Council Trio in a group of songs at the joint installation of officers of San Bruno post and auxiliary Thursday night. Members of the trio are Claire Soowash of San Bruno, Anna Bennett Robb of Redwood City and Isabelle Lindquist, who also acts as accompanist.

Monday, October 7, at the Central School auditorium at 8 o'clock, the Native Daughters and Native Sons of the Golden West will give a card party for the benefit of the Homeless Children.

Mr. and Mrs. W. H. Weeden will celebrate their 44th wedding anniversary Sunday, September 15. They are spending the week-end in Monterey, returning to have a dinner party with their children and grandchildren on Sunday.

FREE TOWEL GIVEN DURING CAMPAIGN

Ironer Demonstration Will Bring Gift To Housewives

Just for performing the simple operation of ironing a towel on any electric ironer displayed in Redwood City during the special offer demonstration here this month, any housewife will be given a genuine Cannon towel absolutely free and without any obligation. The offer is made solely to prove the ease of "effortless ironing" with a modern electric ironing machine.

According to the Electric Appliance Society of Northern California, efforts ironing banishes forever long hours of drudgery, lifting and bending down on a hand iron, standing for hours at a time before an ironing board.

Housewives are urged to prove it for themselves, and as a reward for their efforts, they will be given the free towel.

This offer is made at any store displaying a "Free Towel" sign. Included in the offer are the following makes of ironers: Apex, Easy, General Electric, Thor, Conlon, Ironrite, ABC, Norge, Meadows Westinghouse, Prima and Horton.

The ironer campaign was started in answer to the growing demand among women for the convenience and comfort of labor and money-saving equipment in the home laundry, the Electric Appliance Society of Northern California said.

ONLY 15 LEFT ON SERA WORK

Memorial Park Sewer Project Ends; WPA Approval Awaited

Closing down of the sewer project in Memorial Park, on which nearly 45 men had been working for about six weeks, today left less than 15 men working on SERA projects in this county, according to Capt. L. G. McAloney, county relief director.

The Burlingame sewer project was closed a week ago, and even the single men's camp in the park also has now been shut down, putting all of the county's 1200 relief cases on the "dole" with the exception of the few clerks working for the National Re-employment Service.

While approval of WPA projects, replacing SERA, is anticipated in the near future, no word as to a final o.k. on the county's 22 submitted projects has been received, Captain McAloney said.

TWO YEARS AGO

Territo's Super Market became a part of Redwood City's growing business district. We were just a little fella' then, getting our first glimpse of how things are done. (See other side of page.)

2nd Anniversary SALE

It has been just two years since we established Territo's Super Market and it is with a great deal of pride that we celebrate our 2nd birthday this week.

We greatly appreciate the tremendous amount of business that our many friends and patrons have given us and it is our desire to constantly serve you better in every way.

To show our appreciation to the public we are staging this gala 2nd Anniversary Sale which will set new records for bargains and money-saving values.

Look over these specials, then come in and get your share of the savings. JOSEPH R. TERRITO, Prop.

ARGO ELECTED KIWANIS HEAD FOR NEW TERM

10 Directors Named
By Service Group
At Noon Meet

Following the regular meeting of the Redwood City Kiwanis Club Wednesday, the newly elected board of directors met and chose A. Clarence Argo as president of the club for the coming year. Herman Phillips was named vice president and James D. Hedge was chosen to succeed himself as secretary-treasurer.

The new directors are C. F. Andrews, A. C. Argo, C. M. Dorse, Michael Hoffman, Howard King, J. Elmer Morrish, Dr. Charles O. Morse, R. E. O'Connell Jr., Herman Phillips and Duncan Reynard. Argo was recently appointed vice-president to fill the unexpired term of Lee Irwin who was forced to resign the office due to an extended vacation. Irwin had been conducting the office of president in the absence of Carl Beeger, who has been ill the past year. Phillips has been chairman of the music committee for the past year and has been active in club affairs. He will represent the club in the division oratorical contest to be held in San Mateo next Tuesday evening.

Harold Taggart, dean of men at the San Mateo Junior College, was the speaker at the meeting. His subject was the Constitution of the United States.

After tracing the history of the constitution, Taggart spoke on the supreme court and its relation to the document. He said the constitution was a living document borrowed from the past with a degree of flexibility to adapt itself to the future. It is changed by amendment, of which there has only been a net of nine, custom and by judicial limitations.

Citing many decisions of the supreme court from 1789 to 1935 Taggart brought out the point that we should not look upon the supreme court as a "sacred cow" but should take into consideration the human element which exists in its operation. He showed how the court through the changes of its justices had oftentimes reversed its own decisions on similar legislation.

John Gill acted as chairman of the day. Wayne R. Millington gave a five-minute talk on the coming San Mateo county floral festival.

Peninsula Speeders Pay Total of \$180

Speeders had their day in court yesterday up and down the peninsula and the occasion cost them a total of \$180.

For reckless driving, Jennings D. Barr, Burlingame plasterer, was fined \$15 by Police Judge Arthur Stetson of Burlingame. Another \$10 of the fine was suspended. In the same court Virginia Woods of San Francisco and Emmett Moryman paid \$25 apiece for speeding 60 miles an hour on the Bayshore highway. Other fines totaled \$25.

For speeding 65 miles an hour on the Bayshore highway, Justice of the Peace Richard O'Farrell of San Mateo raised the ante to \$25 for Al Smith of Belmont for reckless driving.

Miss M. Avenali of South San Francisco contributed \$10 to the South San Francisco city coffers when speeding charges brought her before Judge W. H. Dinning in South San Francisco. E. S. Ishizaki contributed \$5, and Nick Maragos of San Francisco, \$25 for reckless driving. The morning's total for Judge Dinning and South San Francisco was \$80.

A 1,000,000-bushel grain elevator under construction at Elmd, Okla., will bring the city's capacity to 11,500,000 bushels.

Housekeeper Demand Exceeding Supply

Thirty positions as housekeepers, ranging in salary from \$25 to \$60 per month with room and board, are open to women in San Mateo county, the National Re-employment Service, located at 211 First avenue in San Mateo, announced today.

Any women interested in such

positions are asked to register at the service agency.

Headed by Melville W. Fuller, the National Re-employment Service is a branch of the United States Department of Labor, rendering services without charge to either employer or employee. Because there are many more positions open than there are persons registered with this free employment agency, the service will have to go outside the county to fill these

200 to Seek Funds For Peninsula 'Y'

More than 200 peninsula residents will canvass for funds for the Young Men's Christian Association in its annual drive, R. W. Simcock, executive secretary of the Peninsula Y. M. C. A., announced today.

Norman S. Menifee, Redwood City committee head, announced the start of the local drive for September 24. The campaign in Burlingame will begin on September 23 and in San Mateo on September 25. Ira H. Potter, of Burlingame, is general chairman of the committee.

P-T. A. Founder's Rites Set for East

Funeral services for Mrs. Mary Grinnell Mears, mother of Prof. Elliot G. Mears of Stanford University and one of the last surviving founders of the Parent-Teacher movement in America, will be held in Essex, Mass. Mrs. Mears died Saturday in Palo Alto.

\$42,000 More Excess in New Budget Okehed

Relief Fund for Aged Will Be Allowed By State Board

Legalization of approximately \$42,000 more of the \$215,339 excess over last year's expenses approved by the board of supervisors in adopting the 1935-36 budget will be given by the state board of equalization, it was announced today.

The move was made by the state board in order that counties forced to exceed the 5 per cent limitation on expenditure increases, due to necessary increases in old age pension allotments, could do so legally.

In this county, \$42,000 was set up in the new budget to match state pension funds, according to Mrs. Ellen S. Bieber, social service official for San Mateo county.

Previously the state board had granted permission for the county to exceed the 5 per cent limitation over last year's actual expenses by \$60,000, \$10,000 of which was to go towards the Sunnyvale airbase purchase pledge and \$50,000 for the agricultural and livestock pavilion in Visitation valley.

STILL OVER LIMIT

Granting of the new law leaves the county \$113,339 over the legal limits as established by the new 5 per cent law which goes into effect Monday, but legality of which has been questioned.

Decision of the supervisors to exceed the limit was made because of this questioning of validity of the law. The extra funds were needed, the board unanimously decided, and it was voted to put them in the budget, raising them by taxation and subsequently spending them if the law replacing the Riley-Stewart act is held illegal.

If the courts rule the new 5 per cent limitation law is legal, then the board will be unable to spend the \$113,339 excess budgeted unless the state board of equalization later approves the excess.

DOUBT APPROVAL COMING

Doubt that this would be done by the state was raised, however, when Fred E. Stewart, Oakland member of the equalization board, in announcing the new excess approval for relief said:

"The board wishes to caution all county, city and district officers, however, that it will not tolerate disregard of the provisions of the 5 per cent limitation act and that any attempt to use old age pensions as a subterfuge to excuse extravagance will result in summary action against the disbursing officer."

Granting of the new increase will be made only on request of the county, but it is expected the supervisors will take early steps to make this move.

ELDERLY MAN DIES BENEATH TRAIN WHEELS

Herbert C. Vielbaum Of Burlingame, 75, Is Victim

BURLINGAME, Sept. 12.—Crushed and mangled after being dragged 200 feet by a Southern Pacific freight train, the body of Herbert C. Vielbaum, 75-year-old Burlingame resident connected with the Pacific Auto Repair Company there, lay at the William F. Crosby funeral parlors today.

The aged man was hit by the train at 3 a.m. near First avenue in San Mateo.

The engineer of the locomotive, R. R. Badley of Oakland, told police he saw the man walking on the rail with his back to the onrushing train and his arms out as if balancing himself. He looked as if he were "teetering" on the rail, the engineer said.

The body was identified by the victim's son, William Vielbaum Jr., by the aid of marks on the clothing.

Police had been informed that the aged man was missing at 8:30 o'clock last night. His family said that he was not capable of taking care of himself while out alone.

He lived at 756 Acacia drive, Burlingame.

Mrs. Medeiros Dies at Age 87 In Redwood City

Following a period of declining health, Mrs. Philomena Medeiros, 87, widow of the late Augustine Medeiros, passed away Tuesday morning at the home of her son, Frank Ventura, 1823 Essex road. She was a native of St. Michael, Portugal but had resided here for the past two years, coming to Redwood City from the old country.

She is also survived by nine grandchildren and eight great grandchildren.

GIVEN SUSPENDED TERM

Elmer Sears, who pleaded guilty to vagrancy after his arrest in connection with the burglarizing of the California Market here two weeks ago, today was given a suspended 30-day jail sentence by Police Judge Edward I. McAlliff.

Tibbett Step-Sons Win Estate Award

In voluminous court documents that might be valuable to autograph seekers because of the numerous signatures of Lawrence Tibbett, famed singer, Superior Judge A. R. Cotton today authorized Mrs. Tibbett, the former Jane Marston Burgard of Hillsborough, to dispose of \$6800 worth of securities held by her as guardian of her three sons.

The sons were given the stocks and bonds at the time of Mrs. Tibbett's divorce from John Clark Burgard. At present in custody of the American Trust Company, the securities total \$2400 for Son John Clark Burgard Jr., \$1100 for William Hunter Burgard and \$3300 for Edgar Marston Burgard, all minors.

Tibbett's signatures appear because he acted as bondsman for his wife in the transactions. The Tibbetts did not appear in court for the order, the matter being handled through Attorneys Brobeck, Phleger & Harrison of San Francisco.

PWA APPLICATIONS FOR TWO COUNTY MILK SUPPLY GUARDED PENINSULA SCHOOLS REJECTED BY EXAMINATION OF HANDLERS

Applications for PWA funds for two peninsula school projects and \$171,755 to aid in financing the \$380,000 cost of reclaiming Yerba Buena shoals as a 1938 World's Fair site and airport have been rejected by the Works Progress Administration, it was learned here today.

However, federal officials in San Francisco pointed out, all hope for the projects is not lost since they still must go before the federal allotment board, which holds final judgment.

Disapproved because of high cost per man year was Burlingame's \$38,925 request for earthquake proofing of six elementary schools. Palo Alto School District's application for \$157,500 to aid in building the proposed \$350,000 junior high school was rejected because of insufficient labor on relief rolls.

Notification that 95 projects involving \$19,621,681 in California had been rejected was received by A. D. Wilder, district PWA engineer. He explained, however, that

all of the applications eventually may receive federal financial aid through a revision of terms.

Rejection of the California and nearly 200 other projects, totaling about \$750,000,000 in value, brought threats of a "showdown" in Washington on the wholesale rejection of the projects by Works Progress Administrator Harry L. Hopkins, according to the United Press.

PWA Administrator Harold L. Ickes said he would go to Hyde Park tomorrow to confer with President Roosevelt on the matter.

Hopkins, action intensified reports of differences between him and Ickes, who first had tentatively approved the applications rejected by Hopkins.

SCARLET FEVER FOUND

Two cases of scarlet fever, one in Redwood City proper and one in the rural district near this city, were reported last week to Health Director Charles C. Gans, his morbidity report disclosed today.

That the milk supply of San Mateo county may be further protected from infection from a carrier of a communicable disease, all employees of milk plants and dairies are now undergoing examination, Health Director Charles Gans revealed today.

To detect possible carriers, employees are required to undergo a physical examination by their employer's physician.

The past medical history of each employee is taken by the examining physician and entered on a special card which has been prepared for this purpose. This report is then sent to the county laboratory where the results of the laboratory tests are entered and the card then filed at the office of Dr. Gans, who proposes to make this examination of milk handlers an annual requirement. No new employee connected with the handling of milk or the washing of utensils can begin work until he has submitted to an examination.

The county board of health approved the feature of the milk inspection work which J. J. Garland, county milk inspector, has been unable to start until the county had a fully equipped public health laboratory. With such a laboratory now functioning at the Community Hospital, the 150 employees connected with the production and delivery of milk in the county can be regularly examined.

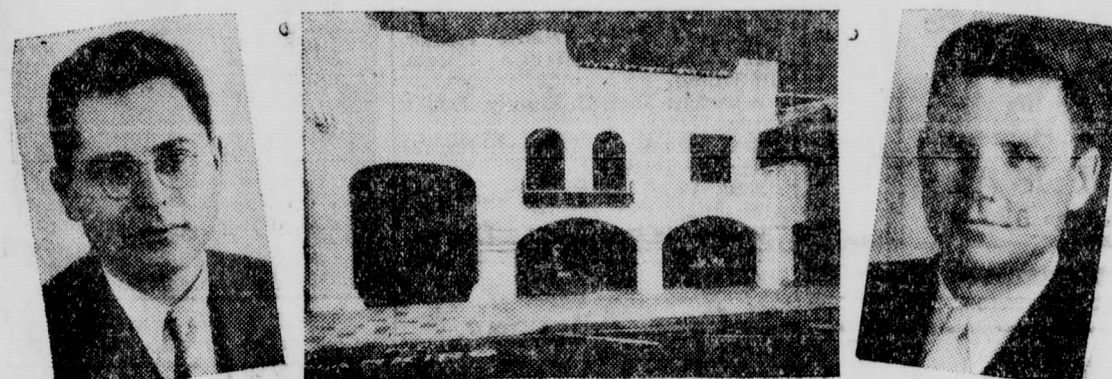

De Molays Initiate 23 New Members

With Masons present representing many county chapters, the Redwood City unit of the Order of De Molays, headed by Jerry Tuxford, initiated 23 candidates Tuesday evening at the Masonic Hall. Past master councilors headed by Bud Allen gave the second degree. In honor of the new members a bean feed followed the ceremony.

Golden State

DAIRY PRODUCTS

Progressing With San Mateo County

Golden State Company, Ltd. new dairy products distribution center for Burlingame is shown above in handsome Spanish architecture. At the left, General Manager Manual I. Piers of the Peninsula Division. At the right, Burlingame Manager R. L. Robison.

Golden State Company, Ltd., announces the opening of a new, greatly enlarged distributing branch in Burlingame, at 1458 Burlingame Avenue, as evidence of its faith in the progress of San Mateo County, its future and to insure finer service as well as highest quality in dairy products for its customers. This is Golden State's second major addition to its San Mateo County operations in 1935.

ALL DAY SATURDAY—OPEN HOUSE—SEPTEMBER 14th
AT THE NEW BURLINGAME BRANCH OF GOLDEN STATE COMPANY, LTD.

Come to Burlingame tomorrow and assist in the "open house" festivities that will mark this beautiful addition to the business life of the County. Southern county residents, long served by the main plant in this part of the county, will find reason to be proud of this; just as they are in the recent investment of many thousands of dollars for improved ice cream facilities at the main plant south of Redwood City. Both investments, totaling \$28,000.00, is evidence of faith in the future.

Drop in at the Burlingame Branch tomorrow, and take the children. Each child when accompanied by an adult receives a free treat of Golden State Ice Cream. And, at home, on every occasion, remember that for the finest in dairy products of all kinds—milk, cream, butter, ice cream, cottage cheese, etc.—the name Golden State is your assurance of highest quality.

NEW PLANNING GROUP ELECTS BUCK AS HEAD

Federal Funds to Aid In Regional Survey Will Be Sought

With its purpose being to tackle transit, recreation and highway problems of the region, and coordinate activities of existing commissions, the new seven-county San Francisco Metropolitan Area Planning Commission was organized in San Mateo this week.

C. A. Buck, chairman of the San Mateo county commission, was elected president, and Hugh Pomeroy, advisor to five of the commissions, was named secretary.

Other members of the new master group, the first of its kind in the state, are O. F. Campbell of Santa Clara county; Phillip R. Thayer, Alameda; Otis Lovelidge, Contra Costa; Lillian R. Mosher, Marin; W. W. Chapin, San Francisco, and Lloyd Bowman, Santa Cruz. All are planning commission members in their counties.

First move of the unique commission was to designate Pomeroy and Ronald Campbell, San Mateo county commission technician, to confer with WPA officials in San Francisco Thursday in an attempt to secure federal funds to undertake an original research project in the region. Principle feature of the survey would be a study of the

Mrs. Fay Eklund Dies Suddenly At Local Home

Mrs. Fay S. Eklund, 41, passed away suddenly at 10 p. m. Monday night at her home, 283 Fulton street, of a cerebral hemorrhage. She is survived by her husband, Robert E. Eklund, manager of the Shasta Water Company; a son, Robert J. Eklund, and a daughter, Ruth E. Eklund, all of this city. She also leaves her mother, Mrs. Martha Varney, and a sister, Mrs. Thor Lude, both of Mill Valley. She was a native of Bellingham, Wash., but had lived here for the past 10 years.

Chinese Shoots Self In Rifle Accident

Because he looked down the barrel of a loaded 22 caliber gun, Henry Johnson, 15-year-old Menlo Park Chinese, was in the Community Hospital today with a bullet lodged in his skull.

The youth was injured late Saturday and rushed to the hospital. He is the son of Mrs. Soshee Johnson of 907 Alice Lane.

population of the district, its distribution and density both at present and anticipated, according to sentiment expressed at last night's meeting.

Consideration would also be made of the practical manner in which activities of the commissions could be co-ordinated.

Cotton to Name 19 for Service In Two Weeks

Two R. C. Residents Listed; All Cities Are Included

Superior Judge A. R. Cotton Tuesday drew a venire of 30 names from which 19 residents will be selected "within the next two weeks" to comprise this year's grand jury.

Two of the prospective jurors live in Redwood City. They are Mrs. Frieda Heiner, wife of Charles C. Heiner, tanner residing at 1217 Jefferson avenue, and Clarence E. Choate, manager of Hull Brothers, 103 Wilson street.

Drawing of the venire came as rumblings of a grand jury investigation of the gambling situation in the county were heard. Superior Judge Cotton or District Attorney Gilbert Ferrell both have said they were considering asking the new jury to investigate the situation.

The complete list of prospective jurors follows:

Bayshore City: Ralph H. Mitchell, 216 MacDonald avenue.

Daly City: Mrs. Lela Campbell, 101 Santa Cruz avenue; Mrs. Grace Talmadge, 351 Woodrow street; Anthony Gaggero, 15 Cavour street.

Colma: Ed Weissenberger.

San Bruno: Fred A. McNulty, 589 Mastick avenue.

South San Francisco: George W. Holston, 741 Grand avenue; Charlotte Holbrook, 555 Grand avenue.

Lomita Park: A. Laumeister, 173 San Benito avenue.

Millbrae: James McCarthy, 211 Magnolia avenue.

Burlingame: Malcolm P. But-ton, 1418 Castillo avenue; Edward R. McDonald, 1428 Chapin avenue; Allan E. Hunt, 606 Ansel; Allan J. Ward, 1225 Cabrillo avenue; Esther M. Berg, 45 Lorton avenue.

Hillsborough: H. E. Casey, 1036 Whitwell road.

San Mateo: Michael Boepple, 719 Cypress; Ed Minehan, Box 52, 36th avenue; Raymond F. Gill, 131 12th avenue; E. U. Brandt, 140 Clark drive; R. G. Rose, 1104 El Camino Real.

San Carlos: Theresa F. Boyd, 530 Chestnut avenue.

Belmont: Mrs. Auretta Miller, El Camino Real.

Redwood City: Frieda Heiner, 1217 Jefferson; Clarence Choate, 103 Wilson.

Atherton: Jack E. Morey, Emilia avenue.

Menlo Park: H. Linderholm, 736 Partridge avenue.

East Palo Alto: Mrs. Mayme Albertson.

Frederick: Frank G. Williamson.

Half Moon Bay: Mrs. Catherine Middleton.

Garbage Attorney Tenders Resignation

In a meeting which lasted just three minutes, the Bayshore Sanitary District Board Tuesday at Bayshore City accepted the resignation tendered by Attorney Frank V. Kingston, Redwood City, who has been acting as attorney for the board for the past three months.

Chairman Phillip Cain called the meeting to order and Kingston offered his resignation, which was accepted and the meeting was adjourned after setting September 19 as the date for its next meeting. This took exactly three minutes.

Before the next meeting a new attorney for the board will be chosen.

It was revealed by members that any action to be taken on garbage dumping by San Francisco within the county will be based on the ordinance now in effect and not upon a new one, as Kingston had desired.

Publishers Hear Of Fiesta Plans At S.M. Meeting

With San Mateo County Floral and Products Fiesta officials as guests of honor, 17 San Mateo county publishers, wives and guests met in San Mateo Tuesday night, with the San Mateo Times as host.

Queen Contest Director Hugh Barrett Dobbs, President George J. Davis and Publicity Director Anita Day Hubbard of the fiesta group told of progress of the fiesta to date, after which the publishers suggested press releases on the coming festival be sent to the California Newspaper Publishers Association publicity control bureau, which will send releases to 300 California newspaper members.

The rest of the meeting, held in the Perichon House, was devoted to a study of the coming C. N. P. A. conference at Stanford this week-end.

At the conference, discussions of new photolithographic and other processes designed to eliminate the use of type are scheduled, according to the United Press George Morell, president of Peninsula Newspapers Ltd. and vice president of the C. N. P. A., will preside.

Highway Patrolmen To Know All Roads

When officers of the California Highway Patrol are pounced upon in the future by information-hungry travelers, curious to find little-traveled roads, they no longer need scratch their heads.

Complete and detailed bound maps, prepared under the direction of Earl Lee Kelly, director of public works, are in the possession of each police squad room in the state, giving officers a knowledge of all California highways, whether in their jurisdiction.

Ray Ingels, director of the department of motor vehicles, asked the public to utilize the maps when such information is sought or advice needed or patrol officers.

Some species of monkeys and apes can swim, although most of these creatures shun water.

Water System Makes Profit In First Month

BELMONT, Sept. 11.—Belmont's new water system operated during August at a gross profit of \$984.03. Manager W. E. Curtis told the water district board here last night.

Another advantage of the new system was demonstrated during a recent shut-off by the San Francisco Water Company, Curtis said. Had the city still been dependent on its former supply, it would have been without water for six hours, he reported.

At the meeting, it was decided to authorize Engineer W. W. Hendricks to apply for WPA funds for additional lines on the Baehr property, Canyon road and El Camino Real. This work is to be a portion of the original project, just completed by the district.

A survey will be made in Belmont soon by the board of fire underwriters which may result in a lowering of insurance rates, a letter from L. Busch, member, disclosed.

Herman Kohlmoos of Belburn Village was named district auditor succeeding Vernon P. Irvin, who resigned because of business that will take him out of town.

Engineer Hendricks reported sale of discarded pumps and motors for \$300. Fire hydrants have been painted by the fire department with SERA labor.

Long Illness Takes Mary Barboza, 52,

SOUTH SAN FRANCISCO, Sept. 11.—Long illness ended last night in death for Mrs. Mary Barboza, 52, who died at the San Mateo County Community Hospital.

Funeral services will be held Friday at 9 a. m. from her home in South San Francisco, where she has lived for the past 35 years.

Four daughters and her husband, Joseph, survive her. Interment will take place at Holy Cross Cemetery, Colma.

Chlorinated rubber, a new raw material for use in the paint and varnish industry, has passed the experimental stage and is being produced now in Germany.
